BIOGRAPHY

Dr. Georges Kachaamy is the Director of the Center for Research, Innovation, and Design (CRID) at the School of Architecture, Art, and Design, the American University in Dubai. He has served as the chairperson of the Department of Architecture under which the program has received the NAAB Accreditation. He is a professor of architecture, a registered architect, a certified VR Sketch trainer, a GRAVITY SKETCH Certified Trainer, a VictoryXR Certified VR Educator, an AUTODESK Certified Instructor, an associate member of the American Institute of Architects, and an affiliated member of the UAE Society of Engineers. He was the recipient of the Japanese Government Monbukagakusho Scholarship and received his doctorate from the University of Tokyo in Japan.

As an academician, Dr. Kachaamy's research interest relates to future and virtual environments, space planning, well-being designs, phenomenological theory in architecture, and evidence-based spatial experiments. He is mostly known for his vision towards futurist architecture that deals with Gravity Defiant Architecture (GDA) a.k.a. Airborne Architecture. He has more than 15 years of academic experience where he received the American University in Dubai President's award for teaching excellence (2014), the President's Award for Institutional Effectiveness (2019), the Provost's Award for Creativity in Design & the Visual Arts (2019), and the Provost's Award for Professional Engagement and Community Outreach (2025). In addition, he served on the board of the AIA Middle East Chapter as the Director of Continuing Education.

As a practicing architect, he has over 20 years of experience between Dubai, Tokyo, and Beirut. He worked on different national and international urban and architectural designs. His work spans from universal spaces for meditation to the urban conservation and design studies for cultural heritages and urban developments. His latest contribution was the design of the Executive MBA educational facility on AUD campus.

As an Artist, he has evolved a specific technique that combines automatic art and meditation practices. His artwork is an ongoing and ever-growing compilation of works known by "Unconscious." The 100+ art pieces have been exhibited internationally in Venice, Dubai, Munich, and London.

Moreover, Dr. Kachaamy has won international prizes from renowned organizations such as the International Union of Architects, UIA (Union Internationale des Architectes) and for the past 15 years he has published many articles and has been involved in architectural/artistic talks, and exhibitions. In 2018, 2019, and 2021 he was invited by the European Cultural Center to exhibit his architecture project "Rising Oases" and artwork "Unconscious" at the Palazzo Bembo and Mora in the context of the Venice Biennale. In addition, with over than 25 TV appearances, his works and contributions have featured on major multiple media outlets such as CNN, TIME Magazine, MBC1, Skynews Arabia, Dubai TV, SAMA Dubai, Dezeen Magazine, ArchDaily, World Architects Magazine, Compasses Magazine, ASCE Magazine, Middle East Architect, MTV, and Future TV.
